- Identifying Common Hazards
- Improving Safety Performance

Methods of Study

- Classroom - 1 day
- Live Online - 1 day
- In-company - courses delivered worldwide

Assessment

The assessments comprise a multiple-choice and short-answer exam and a risk assessment.

HABC

Highfield Awarding Body For Compliance Training Courses (HABC)

Highfield Qualifications - the awarding organisation of the Highfield Group. They are global leader in compliance and work-based learning and apprenticeship qualifications and one of the UK's most recognisable awarding organisations. As such we're regulated by Ofqual, Qualifications Wales, SQA Accreditation, the Council for the Curriculum, Examinations and Assessment (CCEA), and the Security Industry Authority (SIA). In addition to this, we're also a government-regulated end-point assessment organisation (EPAO).

1. HABC Level 2 Award in Emergency First Aid at Work

The Level 2 International Award in Emergency First Aid, Defibrillation and CPR is a qualification aimed at providing learners with the necessary knowledge, understanding and skills to conduct emergency first aid and to use a defibrillator. The Highfield Level 2 International Award in Emergency First Aid at Work is accredited and recognised internationally and has been developed to protect customers, brand reputation and profits.

How long will it take me to achieve this qualification?

This qualification is usually obtained by taking a 1-day (8 hours) classroom-based course.

How is the qualification assessed?

This qualification is assessed by two methods:

1. practical observation
2. centre marked multiple choice theory assessment. This theory assessment will be via a series of multiple-choice questions, which can be a written assessment or conducted orally by the assessor.

Methods of Study

- Classroom - 1 days, plus exam
- Live Online - 1 days, plus exam
- In-Company - Courses delivered worldwide

HABC

2. HABC Level 1 International Award in Food Safety

The objective of this qualification is to prepare learners for employment in a food business, or to support a current position within a low-risk role, where there is an element of food handling. This could include waiting staff, health care workers, kitchen porters and stock/store room staff.

This international qualification would be typically delivered to learners through a half-day training course (4 hours).

Learners gaining this qualification will know that food safety is the responsibility of everyone involved in the storage, preparation, processing, packing and handling of food.

How long will it take me to achieve this qualification?

This qualification is usually obtained by taking a 1-day (8 hours) classroom-based course.

How is the qualification assessed?

This qualification is assessed by two methods:

1. practical observation
2. centre marked multiple choice theory assessment. This theory assessment will be via a series of multiple-choice questions, which can be a written assessment or conducted orally by the assessor.

Methods of Study

- Classroom – 1 days, plus exam
- Live Online – 1 days, plus exam
- In-Company – Courses delivered worldwide

PROGRESSIVE SAFETY®
INSTITUTE AND CONSULTING PRIVATE LIMITED

HABC

3. HABC Level 2 International Award in Food Safety

The objective of this qualification is to ensure that persons who are or will be employed in a food business, are provided with the knowledge and skills necessary to produce safe food.

This international qualification would be typically delivered through a 1-day training course (6 hours).

Learners gaining this qualification will know that food safety is the responsibility of everyone involved in the storage, preparation, cooking service and handling of food. Learners will understand the importance of maintaining good practice in the production of safe food.

How long will it take me to achieve this qualification?

This qualification is usually obtained by taking a 1-day (8 hours) classroom-based course.

How is the qualification assessed?

This qualification is assessed by two methods:

1. practical observation
2. centre marked multiple choice theory assessment. This theory assessment will be via a series of multiple-choice questions, which can be a written assessment or conducted orally by the assessor.

Methods of Study

- Classroom – 2 days, plus exam
- Live Online – 2 days, plus exam
- In-Company – Courses delivered worldwide

4. Highfield Level 4 International Award in Managing Food Safety for Catering

The objective of this qualification is to provide managers and potential managers employed in a catering or retail business, the knowledge to manage the business in a way which ensures the safety of the food prepared and/or sold. This is also suitable for food safety trainers responsible for training food handlers, supervisors and managers.

The content covers the subject of food hygiene at a suitable depth to ensure learners have a thorough knowledge of hazards and controls; its focus is on the importance of developing, implementing and monitoring food safety procedures.

Mandatory Unit

This qualification has one mandatory unit with five learning outcomes:

- International Principles of Food Safety Management for Catering

How long will it take me to achieve this qualification?

The recommended guided learning hours for this qualification is 40 hours

How is the qualification assessed?

This qualification is assessed by a multiple-choice examination, containing 60 questions. The exam must be completed in 2 hours. Successful learners will have to demonstrate knowledge across the unit content and correctly answer 36 questions or more to achieve a pass; 42 questions to achieve a merit and 48 questions to achieve a distinction.

Completed examination papers should be returned to Highfield for marking. Results will then be provided to the centre.

Methods of Study

- Classroom – 4 days, plus exam
- Live Online – 4 days, plus exam
- In-Company – Courses delivered worldwide

AOSH

Certified Master Trainer

Program Overview

The AOSH UK Certified Master Trainer (Train the Trainer) Certificate content is practical and grounded in the real world, not just academic theory. This program focuses on what happens before, during, and after you deliver training, and what to do if training is not the right solution.

Learner feedback indicates high value in the following areas: student engagement, expert facilitation and applicable tools and techniques.

How long will it take?

Delivery would typically be through 3 days face to face training course

Who should attend?

This program is ideal for new or experienced trainers who have not had formal education in training. It is also for those trainers who need a refresher to improve their classroom techniques and methods to transfer learning to work situations.

AOSH UK Train the Trainer programs are designed primarily for learning professionals – trainers, instructional designers, and organizational development practitioners – but would also benefit anyone within an organization who is responsible for developing others, from managers to human resources specialists.

Class size maximum

12 Learners(1 Trainer)

Certificate validity

The AOSH UK Certified Master Trainer (Train the Trainer) program is valid for a period of three years.

Methods of Study

- Classroom – 3 days, plus exam
- Live Online – 3 days, plus exam
- In-Company – Courses delivered worldwide

IQ-OHS -Courses

IQ-OHS USA is a certification body in the field of Occupational Safety and Health delivering Professional Continuing Development Training Programs based on international best practice tailored to US Standard.
